VOLUME CVI.---NO 108. ALEXANDRIA, VA., MONDAY EVENING, MAY 8, 1905. PRICE 2 CENTS.

When life's autumn comes, women, worn out by the burdens of motherhood, yet shrink from that second "change of life" which will banish these burdens forever. They fear a change in form, in feature, in personal attractiveness. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her.

Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescription" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or personal inability to enjoy life.

"Your 'Favorite Prescription' brought me safely through that difficult period, called 'change of life,'" writes Mrs. Mary Ensminger, of 344 E. Ankeny St., Portland, Oregon. "This change made a very unpleasant disturbance through my entire system. I had hot and cold flashes, sick headaches, became excited, flustrated, nervous and irritable. My appetite was fitful and for days I was unable to eat a fair meal. My aunt recommended me to try Dr. Pierce's Favorite Prescription and it made a great change for the better. Within two weeks the unpleasant feelings had disappeared. I have a husband and eight children so have the care of a large family but was able to attend to my household duties without any difficulty and passed the period without any more trouble. I can recommend your 'Favorite Prescription' as a grand medicine for women."

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good" but don't let them substitute anything for "Favorite Prescription." It is absolutely unequaled.

NIP IT IN THE BUD.

First Appearance of Dandruff a Forerunner of Future Baldness.

That such is the case has been conclusively proven by scientific research. Prof. Unna, the noted European skin specialist, declares that dandruff is the burrowed-up cuticle of the scalp, caused by parasites destroying the vitality in the hair bulb. The hair becomes lifeless, and, in time, falls out. This can be prevented.

Newbro's Herpicide kills this dandruff germ, and restores the hair to its natural softness and abundancy.

Herpicide is now used by thousands of people—all satisfied that it is the most wonderful hair preparation on the market to-day.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

LOSS OF TIME IN MINISTRY.

The exercises incident to the twenty-second commencement of Westminister Theological Seminary, the institution at which candidates for the ministry of the Methodist Protestant Church are instructed, began in Westminister, Md., yesterday morning with the baccalaureate service, which was held in the church of that denominatian in that city. The special feature of the service was the sermon delivered by Rev. Hugh Latimer Elderdice, president of the seminary. Dr. Elderdice made a bold and searching analysis of the causes which lead to a loss of time in the ministry. He said, in part:

"Some ministers lose time by laziness. The holy office has its share of parasites who absorb a living rather than give a life. They sweat neither brow nor brain; fatten at every family feast in the parish, loaf and lounge in self-indulgence during the week and on Sunday have the iniquitous impudence to face an audience crying for bread and give to them only a stone. Here is a case in which 'time destroyed is suicide, where more than blood is split.' A lazy preacher has mistaken the call; God has no place for him in the pulpit; man has no use for him in the pew; his wife is a clog to every wheel in the machinery of the church.

"Some ministers lose time by misdirected study. They spend more time with pages than with flesh and blood; study everything except human nature; their bookworn thoughts are off on a tangent from the sphere of practical preaching; they revel in the realm of ideas until unfit to play their roles on the stage of pastoral action; they love their books more than they love their fellows; linger in the library when they ought to be talking Christ in the shop of a sinner; ponder over philosophy when they ought to be praying with a penitent; search science when they ought to be comforting a saint in the chamber of death; and burn the midnight oil to deck their sermons with the flowers of literature when they ought to be seeking the lost sheep in the mountain death shades or healing the bird with the broken wink dying under the wayside hedge.

"This is not discounting an educational ministry, but placing a premium on well-balanced education. There is a vast difference between his mastering books and books mastering him. Let him be cultured, but not at the cost of his passion for souls. If he bury himself among his books all week he may appear on Sunday with a profound production, but it will sound stale and smell musty; it will lack the freshness and the fragrance of real life, showing familiarity with what dead men have written, rather than with what live men need, and dealing with the facts of philosophy rather than with the philosophy of facts in his parish.

"Some ministers lose time by the wrong use of the pulpit. They magnify the nonessentials, dwell on secondary values, bushwhack on the outposts, but never storm the fort. The denominational debates make every text pay tribute to his creed, the literary lecturer degrades his Sunday evening service by a hero worship of an author, the tiresome theolgian unravels whole sections of systematic theology every Sunday morning, and the sensationalist catches his crowd by circus advertising and holds it by blasphemous 'yellow pulpitism.' Enter the pulpit to do only the one thing—'preach the Word.' There is no need to dissect the claims of the higher critics for light. Preach the contents of the Bible and the entrance of its light will be more brilliant than the expositions of modern scholarships, so called. Nor need you waste much time with a series of lectures on the evidences of Christianity which you have mastered at school.

"Some ministers lose time by having too many irons in the fire. In society he inaugurates some reform; in politics he champions some crusade; in charitable organizations he identifies himself with every good work, from the Prisoners' Aid Association to the Fresh Air Society. The church club today and the brotherhood tomorrow; the temperance meeting at noon and the Christian citizenship rally at night; a missionary meeting Saturday afternoon and a union evangelistic service Sunday afternoon. Listen to every signal of distress, but do not be sidetracked. Be busy in the right place. He who does well one work at a time does more than all.' To all calls that interfere with your legitimate business answer with Nehemiah: 'I am doing a great work, so that I cannot come down.'"

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at E. S. Leadbeater & Sons' drug store; 25c.

PAINFUL PERIODS
AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby Is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

Sell Clothes to See Bull Fight.

Sunday bull-fights were resumed in Spain yesterday with extraordinary enthusiasm everywhere. The Madrid season was opened with a corrida, in which six picked Andalusian bulls were announced to be killed by the famous Logarijo and Mazzantinito. The latter is a Madrilero, and, as the toreos are usually Andalusians, this fact lent additional interest to the event. For days there had been an enormous demand for the tickets, which finally reached incredible prices, poor people selling clothes and even necessary furniture to obtain the coveted seats. Soon after the doors opened there were 20,000 spectators within, and 80,000 more outside, the latter anxious at least to hear the shouts which told how the corrida was going. The bull-fight began at 4 and finished at 6:30, by which time the six bulls and eleven horses had been killed. Mazzantinito, who had hitherto been a simple novillero, acquitted himself so well that he was proclaimed a matador, and received the distinction of being rewarded the right ear of the first bull killed by him. His admirers carried him shoulder high round the ring, after showering on him innumerable cigars, hats, fans, and other tokens.

Strictly Genuine.

Most of the patent medicine testimonials are probably genuine. The following recently appeared in the Aitcheson (Kan.) Globe: "Joe Tack, a well-known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office today, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick streets.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, MAY 8, 1905.

THE DANGER to European peace involved in the general attitude of Germany continue to cause serious anxiety to the governments of all the great powers. The questions which the diplomatic world is considering are: Is the Kaiser deliberately seeking a quarrel, or has he a definite object in view which he is determined to accomplish even at the cost of war? In other words, is the dispute in regard to Morocco a mere pretext, or is Germany seriously determined to prevent the execution of the real purpose of the Morocco agreement? War, if it should come, would almost certainly see France and England to the same camp. Germany might easily prove to be more than a military match for France even with such help as Great Britain would be able to give, but the German navy could not stand against the combined British and French fleets. It is generally recognized that the German Emperor is playing a deep game for some great stake. Nobody can say as yet with confidence what that stake is. The next development will perhaps be disclosed in Chancellor von Buelow's speech in the Reichstag next Wednesday or by the Kaiser himself at Gravelotte on the following day. There was acute alarm Saturday, due chiefly to renewed reports that M. Delcasse, the French Ministers of Foreign Affairs, would soon retire. These are emphatically denied yesterday. The financial world continues to be seriously affected by the political crisis. The fall of consols below 90 when business conditions were most favorable is of serious significance.

IN vetoing the bill depriving Aldermen of the power to grant franchises, Mayor McClellan, of New York, last week made the direct charge that representatives of the Pennsylvania Railroad had threatened him if he did not let the bill pass. Later he mentioned Edward M. Shepard and Franklin Bartlett as the spokesmen of the great corporation, saying that they had told him that the legislature would be held in session until the bill was repassed if vetoed. The Mayor said that the time had come when the corporation which has so long dominated the States of Pennsylvania and New Jersey should be shown that it could not control the State of New York. He regarded it as a duty to resist such insolence, while disclaiming any desire to stir up feelings against corporations as such. Later, the Assembly passed this measure over the Mayor's veto by a large majority. Now Mayor McClellan knows the power of the Pennsylvania Railroad and he should have known it before, for in a large measure it controls the Congress of the United States and he was but a few years ago a member of that body.

CHAIRMAN SHONTS, having returned to Washington, a meeting of the executive committee of the Isthmian Canal Commission was held Saturday, the greater portion of the time being spent in considering how to remove the open discontent of employes. It was decided that there should be a rearrangement of salaries with more liberal allowances. Provision will be made for leaves of absence on a more generous scale than in the past, and the social life of the American colony will be developed. Sports will be encouraged, grounds provided for baseball, tennis and open-air games. The organization of clubs will be provided for, and accomodations for them supplied by the commission. This will be read with amazement by the men who have built canals and railraods constructed by private enterprises. These men had no government to provide social clubs and in and out door amusements for them, but they successfully performed their work. No wonder it is predicted that the building of the Panama canal will bankrupt this country.

MORE fraud orders have been issued at the instance of the postoffice authorities by the Assistant Attorney General during the last four months than ever before during the same period of time. As a result, some of the greatest swindling concerns in the country have been put out of business but others seem to have taken their places, so the work of eradicating them should be continued with renewed vigor.

LAST WEEK was a quite one in politics, the candidates for State offices having, in a measure, rested their canvass and cancelled their engagements to speak on account of the death and funeral of General Fitzhugh Lee to whom all wished to do honor. This week, however, politics is expected to be hot throughout the entire State and the flow of oratory will be resumed in earnest.

Minister John Barrett, at Panama, some time ago cabled the State Department asking leave to visit the United States, saying that he had been advised that unless he did so he might have difficulty in renewing his insurance risks. Today he cabled that notwithstanding this he was about to proceed directly to hisnew post as Minister to Columbia.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, D. C., May 8.

Numerous subjects of interest to railroad men will be discussed during this week by the several sections of the International Railway Congress. Today section II and III held a joint session for the dscussion of lighting. heating and ventilation of trains. Section I went into the subject of rails for lines supporting fast trains. During the discussion so far in matters relating to suburban traffic, foreign sentiment evidently leans heavily toward electricity as motive power. In order to gratify the desire of nearly all Washington to visit the railway appliance exhibit, George R. Post, the chairman in charge of the show, has decided to issue green tickets for a single admission, in addition to the season tickets already issued by the thousand. The exhibit is the nearest thing to a fair of any kind that Washington has seen for years, and the people of the capital are naturally excited. Not only is there a band playing oh the gounds most of t me, but all the little buildings and open air exhibits have flags and streamers flying, and in the evening the show keeps open until ten o'clock. Not the least interesting part of the exhibit is "Diamond Jim" Brady, the New York millionaire horseman and manufacturer. He is vice president of the Standard Pressed Steel Car Company of Butler, Pa., which makes pressed steel coal hopper cars, and has on exhibition in the railroad yards here a steel 41 mail car similar to a steel baggage car now being used on the Erie road. English delegates with a sporty proclivity have fallen in love with Mr. Brady, and he is surrounded most of the time by a devoted coterie.

The Supreme Court of the United States today in a decision rendered by Justice Holmes upheld the legality of transaction for future delivering in the pits of the Chicago Board of Trade, and declared that the board had a right to protect its quotations on grains there collected. Bucket shops are not allowed to obtain and use them without consent of the board. The decision of the court was reached by a vote of 6 to 3, Justice Harland, Brewer and Day dissenting.

In the case of the United States vs. Ju Toy, the Supreme Court of the United States today held that a Chinaman can be deported even though he be an American citizen, the immigration officers having the right to determine the question of fact as to whether the Chinaman was really born in this country.

King Leopold, of Belgium, who is conceded to be the best business man among the monarchs, has just ordered the construction of a floating iudustrial exhibit. He intends to send this boat to all the principal ports of the world and show the buyers in all parts of the globe the superior articles that Leopold sells. The boat is to carry guns for salutes, and is to be clothed with special goverumental privileges to insure its official reception at calling ports. If the first boat proves that such a system showing goods is beneficial, a second will be similarly equipped.

The Supreme Court of the United States today announced that it will meet again next Monday. The next session after that will be on the 29th, then adjournment will be had for the May term.

In diplomatic circles here it is not believed that trouble will arise out of the question of French neutrality in the far East.

Capt. Wm. V. Judson, U. S. A., one of the military attaches with the Russian army in the field who was captured by the Japanese at the battle of Mukden, has arrived in this city and had a talk with Secretary of War Taft this morning concerning his experience. Capt. Judson was lying ill in a Chinese hut just outside of Mukden when the battle took place. They had no idea that the Russian army was going to retreat and the next morning they were surprised to find the city of Mukedn in the hands of the Japanese. He said this morning that he had been very kindly treated by the Japanese.

Fatal Accident to Lieutenant.

First Lieut. Moses R. Ross, a native of Pennsylvania, graduate of Washington and Jefferson College, and honor graduate of the 1903 class at the artillery school at Fort Monroe, met a tragic death on the reservation at Old Point Comfort early yesterday morning. The officers of the post are reticent in regard to the matter. From what can be learned the young officer was riding a bicycle along the cement walk between the outer rampart of the old fort and the inner wall about 2 o'clock yesterday. This walk skirts the most which is about thirty feet wide and quite deep.

It is said that the chain of the bicycle broke, and that Lieut. Ross fell into the moat, first striking the walk. It is supposed that he was stunned by the fall and was unable to make any effort to save himself. A sentinel heard him scream. Later his dead body was found in the water and the bicycle with the broken chain was found on the walk.

Lieut. Ross entered the service as a private in Company I, Fifth Pennsylvania Regiment Volunteers, and later became a second and then a first lieutenant in the Forty-sixth Regiment, United States Infantry, being mustered out in May, 1901. He received his commission in the artillery corps November 13, 1903. He was twenty-seven years old.

Autos in "Battle of Flowers."

The "Battle of Flowers" was held in Mexico City yesterday, and hundreds of automobiles, carriages and bicycles participated in the procession. Many of the vehicles was handsomely decorated. The occupants of carriages and people on the walks and balconies fought with flowers, and the air was filled with varicolored petals. Vast quantities of flowers from the tablelands were used. All along the principal avenues of the city the fronts of the houses were adorned for the occasion with flowers in immense profusion and of charming designs. The weather was fine, and the floral combat was witnessed by many thousands.

All records were broken at New York yesterday in the number of immigrants that passed Quarantine. Ten transatlantic liners brought this army of immigrants to the United States.

The commissions bore the stamp of that state.

James W. Alexander, president of the Equitable Life Assurance Society, in New York, last night made public a letter written by him to Edward A. Woods, manager or the society at Pittsburg, in which he asserts that the surplus of the society is held for the exclusive benefit of its policy holders, and not the holders of the stock. Mr. Alexander also takes occasion in the letter to deny the rumors that he will resign.

The murder aroused the Italian colony in the neighborhood, and in the excitement that followed hundreds of shots were fired. No one else was hurt. Ketchwa died in an ambulance.

Denies He Knew Mrs. Gray.

The police of New York are puzzled by a new turn taken in the case of Mrs. J. W. Gray, said to be the widow of a wealthy Chicago broker, who committed suicide in her apartments at the Imperial Hotel Saturday. The woman left letters addressed to Charles H. Stoneham, telling him of her love and declaring that his cruelty in a conversation with her over the telephone had induced her to take her life.

Mr. Stoneham declined to discuss his whereabouts during the day. He was emphatic, however, in his denial that he had ever been at the Hotel Imperial with Mrs. Gray and declared that he has been at home every night for many weeks.

Mrs. Angy Parker, living at 343 St. Andrew street, New Orleans, admitted yesterday that she was a sister of Mrs. J. W. Gray. Miss Olivia Parker, a beautiful young woman of 20, who lives with her, is the person to whom Mrs. Gray desired her personal effects, furniture and money to be forwarded. Mrs Parker insisted emphatically that she and her daughter are not octoroons, but white.

Charles H. Stoneham, a broker, of 44 Broadway, New York, who was believed to have been the person to whom the letters were addressed and so designated by the New York friends of the dead woman, returned late last night to his home in Jersey City. He denied absolutely that he knew Mrs. Gray or that he was connected with her case in any way.

"I never heard of the woman," said Mr. Stoneham. He expressed ignorance of the suicide and declared that reporters brought him the first news he had received of the tragedy.

"She may have been a customer of our firm and in that way may have acquired my address," Mr. Stoneham said. "The name is not at all familiar to me, however, and I do not think we had such a person in New Orleans as a customer."

The funeral of Mrs. J. W. Gray, was held quietly yesterday at Kensico Cemetery. The coffin was followed to the grave by Mrs. Grace Sanford and Mr. Maxwell, manager of the Standard Storage Wasehouse, who took charge of the funeral arrangements. Neither was more than a casual acquaintance of the dead woman.

The letter the dead woman had addressed to Charles Stoneham just before shooting herself remains unopened in the hands of Coroner Scholer, who said last night that he would hold it until called for by the man to whom it is addressed.

Conditions in Chicago.

After a strenuous week, during which street riots were frequent and the calling of troops seemed imminent and at the end of which scandalous charges were made against the peace officers of Chicago the teamsters' strike yesterday rested at the beginning of its third week, with the employers, apparently, in the advantage. The teamsters now appear to be in a position where they must either yield or decide to extend the strike by calling out thousands of other workmen engaged in affiliated unions. The Chicago Federation of Labor yesterday took no action looking to an extension of the trouble, although a great deal of incendiary talk was indulged in. Resolutions charging the Employers' Association with conspiracy and asking that State's Attorney Healy start an investigation of their business methods were passed.

Commencing this morning the business men will increase their efforts to bring the strikers to terms. Arrangements have been made by every business house involved in the trouble to double their force of nonunion men. Last night it was said that all preparations had been made to start out 1,000 wagons tomorrow morning manned by nonunion men. Each of these wagons will be guarded by deputy sheriffs or policemen, and each one of these men has received explicit instructions from superior officers to prevent disturbances of any kind. The instructions of each of the deputy sheriffs and each of the policemen is to use every peaceable means in their power to quiet the rioters, but if this means proves unsuccessful, to use their revolvers and to shoot to kill. The strikers and their friends during the last days have shown little inclination to clash with the deputy sheriffs or the policemen.

Yesterday the express companies made deliveries in all parts of the city. Each of the wagons carried two armed guards, and in not a single instance, it was asserted last night, had any of the wagons met with opposition. During the meeting of the Federation of Labor yesterday several of these wagons passed the meeting hall unmolested.

Dr. Newell Dwight Hillis, pastor of Plymouth Church, Brooklyn, N. Y., will deliver the annual oration, and Gen. Daniel E. Sickles, one of the two surviving corps commanders of the Army of the Potomac, will make an address. The day's programme will conclude in the evening with an army campfire in Nicol Hall.

Sightseeing and drives over the battlefield will be on the programme for Thursday, and a picnic will be given by 100 Confederates of Prince William county on the grounds of the old Henry House.

Today's Telegraphic News

Situation in Chicago.

Chicago, May 8.—Pickles were never more thoroughly mixed than the Chicago strike situation today—the thirteenth day of the teamsters' trouble. The Chicago Federation of Labor at their regular Sunday meeting, instead of making some anticipated peace moves, adopted resolutions that will not add balm to the wounded feelings of the employers. First the federation declared against those banks that contribute to the $50,000 funds in aid of the employers, withdrawing labor union funds, official and private, said to aggregate $200,000. Then the indictment of the president and members of the Employers' Teaming Company was asked for, seeking to intimidate Arthur Dixon and others and threatening to injure the business of other established transfer companies. These companies, five in number, have been endeavoring to steer clear of the rocks on both sides of the strike channel. Efforts on the part of the employers have failed to enlist them and the allegation is made that the employers are endeavoring to ruin their business by abrogating contracts. A second peace move, that in behalf of labor, when it appealed to Governor Deneen to appoint a committee of three, headed by the Governor himself, to arbitrate the strike difficulties, is not likely to be productive. The Governor diplomatically acknowledged receipt of the communication. He is not inclined to make a motion in this direction unless a request comes from both sides. The only request from the employers has been a suggestion that State troops be held in readiness.

There was a lull in strike news yesterday, but the probabilies became apparent this morning, when it was declared that the big companies were preparing to resume their regular operations. They have asked the police for protection for 1,200 wagons which they expect to send out. The Employers' Teaming Company anticipated the use of 700 wagons. Assistant Chief of Police Schuettler will take personal command of the police today. He intimates that further dalliance by the "innocent bystander" will not be tolerated.

Greatly reduced guarded wagons were sent out this morning with little or no interference in the early hours. Two officers were only assigned to each wagon.

Russian and Japanese Fleets.

Hong Kong, May 8.—Reports were made by vessels arriving today of sighting both Russian and Japanese ships, which may give some key to the present whereabouts of the rival fleets. The British steamer Charterhouse sighted a Russian cruiser off Honkose bay, on the Annam coast, on Friday. She also saw a collier leaving the bay and steaming eastward. The remainder of the fleet was not to be seen. The British steamer Angola, which arrived from Mororan, Japan, was stopped by a Japanese cruiser in the Korean straits. The cruiser questioned her and then allowed the Angola to proceed on her way.

London, May 8.—A dispatch to the Exchange Telegraph Company from Copenhagen, says it is reported from Libau, Russia, that the fourth Baltic squadron has assembled at Cronstadt. The fleet is to be inspected next week previous to its departure for the East.

Hong Kong, May 8.—The China Mail has received a telegram from Saigon, saying that Rear Admiral Nebogatoff's fleet has passed that point.

Saigon, Cochin China, May 8.—The hospital ship Koshoma, which is a smaller type of the Orel, the hospital ship with Admiral Rojestvensky's main fleet, has arrived here. The appearance of the Keshoma at this port is taken to indicate the approach of the Russian squadron commanded by Rear Admiral Nebogatoff which passed through the straits of Malacca on Friday. Sixteen cargo vessels are now lying off Cape St. Jacques, and a large Russian squadron is reported to be off the Annam coast.

Situation in the Caucasus.

St. Petersburg, May 8.—Reports from the Caucasus state that the soldiers in that region are becoming unruly and the cause of their almost open rebellion is said to be the work of revolulionist agitators. Literature of an incendiary nature has been circulated among the troops by the revolutionists, and this has incited the soldiers to rebel against the authority of their officers. Many instances are reported where men have refused to obey commands and have openly insulted their superiors. Reports received from Manchuria show that there is trouble in the army at the front. The officers are the ones affected there, however. Report has it that General Linevitch has discovered that officers have volunteered to assist the revolutionary movement at home for the purpose of setting up a representative government. All these officers who are accused of having offered their assistance will be court martialled.

Mutiny of Turkish Soldiers.

Constantinople, May 8.—Two hundred Turkish soldiers from the Djedha garrison mutinied and invaded a Greek steamer which was bound for Yemen bearing Turkish military provisions, and 10,000 pounds in money. The soldiers plundered the ship, seizing everything and then cammanded the captain to take them to Mersina, Asia Minor, whence they could return home. The captain refused the demand and appealed to the governor to intervene. The soldiers, however, insisted on paying their way and refused to obey a telegraphic order from the Sultan ordering them to leave the vessel. The soldiers contended that they have more than served the time of their enlistment, and said they had not been paid for a year and a half. They finally compelled the captain to proceed with them toward Mersini.

New York Stock Market.

New York, May 8.—Everything on the list sold down from the opening. Northern Pacific sustained a loss of 3 points to 130½. The declines in the general list were almost wholly due to heavy selling by London. The gossip of the room is almost wholly about the attitude of France, both in regard to the Russian warships and its policy and aggression in Morocco, and this gossip itself has tended to cause a bearish feeling among the trading element on the floor of the exchange.

Son Lost Mother.

"For the past five years, however, on the slightest sign of a Cough or Cold, I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." Dramatic Suicide.

Pottsville, Pa., May 8.—Hundreds of spectators looked on in horror yesterday while Mrs. Harry Phillips, of Mt. Carbon, deliberately drowned herself in Tumbling Run Lake. The woman and her husband have for some time been living apart. Today they met on the shore of the lake and Mrs. Phillips made a demand that her husband hand over to her the keys to their former home. When he refused she exclaimed: "Then I shall do what I said I would." Before a hand could be raised to restrain her she sprang into the lake and sank from view. A crowd rushed to the shore but so horrified was the throng that no effort was made to rescue the woman. Twice she came to the surface, and a most dramatic touch was lent to the tragedy by her holding up a crucifix as she disappeared for the last time. After several hours grappling the body was recovered late in the afternoon. It was found that the woman had attired herslf in her best black silk dress and worn whatever ornaments she possessed. The dead woman was 22 years old and a tall blonde, weighing 200 pounds.

The Pan-Zemstvo Congress.

Moscow, May 8.—The Pan-Zemstvo Congress, which is in session here, considering plans to be recommended to the government for the establishment of a national assembly, voted today by an immense majority to incorporate the idea of a secret ballot for the election of representatives, in its outline of an assembly. M. Shipoff, who first organized the Congress, opposed the idea of a constitution and an assembly based upon universal suffrage. He advocated adherence to the autocracy and making the representative assembly a subordinate Congress. He was completely outvoted on this question, however, even the members of his own party going back on him.

Minister Bowen's Charges.

New York, May 8.—United States Minister to Venezuela Herbert W. Bowen, who has made grave charges against the official integrity of his superior officer, Francis B. Loomis, assistant Secretary of State, was a passenger on the Red D. line steamer Philadelphia, which arrived here this morning from La Guayra. Mr. Bowen is ordered home to be present at the investigation which Secretary Taft may make into the charges. Mr. Bowen declined to say anything regarding the controversy between himself and Secretary Loomis. He expected to go to Washington at once, but learning that the President was still in the West said he would not go until tomorrow.

Italian Murdered.

Wilkesbarre, Pa., May 8.—Joseph Cascillan, an Italian, of Pittston, was foully murdered in the centre of the town at 1:30 this morning. It is believed he is a victim of the "Black Hand." He was walking down the main street to his boarding house when five shots were fired at him from ambush. Four of the bullets took effect and he was dead when assistance reached him. A week previous another attempt was made to murder him, but he escaped. The Italians are accused and an attempt will be made to break up a bad gang living in the Italian quarter.

Brothers Cut By a Negro.

Chicago, May 8.—As the result of an encounter with a supposed colored strike-breaker early this morning in a saloon, John and Richard Fruen, brothers, are in Lakeside hospital with their abdomens horribly slashed. Both men probably will die. The Fruens were drinking in the place when the negro entered and was asked to play the piano. A quarrel followed. The negro was put out of the place. He lay in wait until the saloon closed, and as the two brothers emerged he sprang upon them with his knife, ripping and slashing right and left. Then he fled.

Sinking of a Steamer.

Vineyard Haven, Mass., May 8.—The name of the woman who lost her life in the sinking of the Joy line steamer Aransas one and a half miles southeast of Pollok Rip Shoals, yesterday, as the result of a collision, with a barge, was ascertained today. She is Miss Mamie Kelley, of Boston. The scenes in connection with the sinking of the Aransas were thrilling. After the collision the steam whistle of the ill-fated steamer blew a distress call and a tug came to the rescue. Good order prevailed and all on the Aransas save Miss Kelley were rescued.

Letter to J. R. Caton,

Alexandria, Va.

Dear Sir: What's the penalty for making or selling short-measure paint in your State?

And does it make any difference, if three-fourths of the paints are short measure?

Is seven pints a full-gallon or a fool-gallon?

What's the penalty for making or selling whitewash for paint?

Is whitewash paint, if mixed with a little paint and labeled "Pure mixed paint," or something like that?

But we don't intend to go into the business. We make Devoe lead-and-zinc full-measure and true.

Yours truly

The Nan Patterson Case.

New York, May 8.—Abraham Levy, chief counsel for Miss Nan Pattterson, held a conference with Assistant District Attorney Rand this morning for the purpose of having the accused actress released on a nominal bail or on her own recognizance. Mr. Rand told Mr. Levy that he would be unable to make a definite statement for the intentions of the prosecution until he had talked it over with District Attorney Jerome, who will be in the city this afternoon. Edward J. Sharenberg, a millionaire pawnbroker, is ready to go on Miss Patterson's bond for any amount. He is an old friend of Mr. Levy's. Mr. Levy said this morning regarding the prospects of Miss Patterson's release: "Nan will be out of the Tombs and started for Washington by Wednesday at the latest."

Lawyer Limburger, counsel for the J. Morgan Smiths, appeared before Justice Foster in the Court of General Sessions this morning and submitted a motion for the release of the Smiths. Assistant District Attorney Perkins at the same time submitted a motion asking that the Smiths be held until it can be determined whether the District Attorney desired to reindict them.

Justice Foster took both motions under advisement.

A long-haired young man, describing himself as a playwright, appeared at the Tombs today to submit the manuscript of a play in which he desires to star Miss Patterson. The play is a thriller and is entitled: "Outraged law of justice at last."

It was announced later that Mr. Levy and District Attorney Jerome will meet at four o'clock this afternoon to discuss the actress's case. As the city chamberlain's office closes at four o'clock there is little likelihood that Miss Patterson will be set free today.

Miss Patterson appears to be perfectly recovered today from the strain of her recent trial.

Execution of a Murderer.

Union, Mo., May 8.—William Rudolph today expiated on the gallows his share in the murder of Pinkerton Detective Charles J. Schumacher, who was shot and killed January 22, 1903, while heading a posse which attempted to capture Rudolph and his pal, George Collins, at the former's home near Staunton, Mo., for looting the Union Bank. The bank was robbed Christmas Eve, 1902, of $14,000 in money and $100,000 negotiable paper. Schumacher tracked Rudolph and Collins to the home of Rudolph's step father at Staunton. The posse fled when fired on by the fugitives, but Schumacher dropped dead. Collins and Rudolph escaped to Hartford, Conn. Pinkertons found a scrap of an envelope at Rudolph's with 'Collins' address and by means of this tracked the men across the continent. They were captured March 1 following and brought to the St. Louis jail. Rudolph escaped by climbing to the roof of the jail July 5, 1903. He was located in the Kansas Penitentiary at Lansing, seven months later having been sent up for blowing a safe at Louisburg, Kansas. Collins was tried at Union, convicted, and hanged March 25, 1904. On the same day Rudolph was convicted.

Japan Irritated Against France.

London, May 8.—The reported revival of Japanese irritation against France, together with the pessimistic political article to the Times and the uncertainties regarding the impending fortnightly settlement, have weakened the securities markets generally. The feature of the situation is the Paris selling of Japanese bonds which are down about ¼ all around.

Paris, May 8.—A lengthy interview was held yesterday evening between Foreign Minister Delcasse and Dr. Montono, the Japanese Minister to France. It is understood that Dr. Montono again tried to impress upon M. Delcasse the impatience which the Japanese feel with France over the alleged breaches of neutrality in Chinese waters. There is a feeling here that a crisis is rapidly approaching.

Suspected of Murdering Child.

Newark, N. J., May 8.—Samuel Friedman, a dealer in paints and wall paper, at 78 Springfield avenue, was arrested today on suspicion of having killed his five weeks old son. Friedman's wife left the child in the care of her husband and when she returned a couple of hours later it was dead. The father admits that he gave the child a large dose of nitre to quiet it. But the autopsy performed by county physician McKenzie shows that death was evidently caused by suffocation. The physican said the nitre could not have caused it.

Wife Murder and Attempted Suicide

Augusta, Ga., May 8.—Lem Walker, a prominent farmer of Covington, shot and killed his wife this morning, and then tried to shoot himself. When unsuccessful, he attempted to hang himself with a plow line, but he was discovered by his son who cut him down. Domestic trouble, it is said, was the cause of the murder.

Fire in a Shipyard.

St. Petersburg, May 8.—A disastrous fire occurred near the Newski shipping yard early last night. Twenty buildings were damaged by the flames, fourteen of them being entirely consumed. The origin of the fire is unknown.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucnous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the coughs and colds incident to childhood. It is also a certain preventive and cure for croup, and there is no danger whatever from whooping cough when it is given. It has been used in many epidemics of that disease with perfect success. Interscholastic Athletic Results.

The interscholastic meet of the Episcopal High School was held on their field, near this city, Saturday afternoon, with 17 schools and colleges represented. The Central High School, of Washington, won first place, having 61 points to its credit; Jacob Tome Institute, of Port Deposit, second, with 40 points; Baltimore City College third, with 30 points, and the Technical High School, of Washington, fourth, with 29 points. The banner given by the alumni of the high school at the University of Virginia to the school scoring the highest number of points was won by Central High School. The Fairfax trophy, a large silver cup presented by Lieutenant Governor Joseph E. Willard, of Virginia, to the man scoring the highest number of points, was equally won by R. A. Gamble and Lowe, both of Jacob Tome Institute, and S. C. Kent, of Central High School, each of whom made 10 points. The tie was drawn and Kent proved the lucky man.

The only consolation that was left to the Episcopal High School was to pull in the relay race, and, although its winning did not count for any points in the awarding of the trophy, as it was the only relay of the day, it was won rather handily by the Virginia lads. The Georgetown Preparatory, Marston, University and Woodbury Forest School were the competitors.

Among the winner were:

100-Yard Dash—First class winner, R. A. Gamble, Tome; time, 10⅕ seconds; second class winner, Duke, Baltimore City College, time 10 3-5 seconds.

220-Yard Hurdle—First class winner, R. A. Gamble, Tome; time 27 seconds.

Broad Jump—Second class winner, Duker, Baltimore City College; distance, 18 feet 7 inches.

High Jump—First class winner, Riley, Baltimore City College; height, 5 feet, 7⅛ inches.

Pole Vault—First class winner, Gamble, Tome Institute; height, 10 feet.

No accident marred the perfect success of the day, nor was there a disagreement or protest of any sort.

After the races were over all of the athletes and their friends went to Liggett Hall, where the prizes were distributed.

Mr. John Daniel and Mr. Archie Hoxton made the presentations.

The medals—gold for first and bronze for second and third—were very attractive.

To Mr. Fontaine, of the Episcopal High School, is due to a great extent the success of the meet. The idea originated with him, and was by him carried out to the slightest detail. Mr. Fontaine was too unwell to appear upon the field Saturday, and his place was filled by Mr. Archie Hoxton, a former well known athlete at the University of Virginia, and now a master in the Episcpal High School.

A Distressing Accident.

Lewis, the seven-year-old son of Mr. Julian F. Bettis, was the victim of a terrible accident about five o'clock Saturday evening which resulted in his death a short time after its occurrence. The little boy was one of a party of youngsters who had been spending the afternoon on the sward at Jones's Point, but who had also been tempting Providence by swinging on freight cars which were being backed from Union street on the new track to the Alexandria Brick Works, south of St. Mary's Cemetery. While no one seemed to have witnessed the accident, it is probable that the following are the facts in the case: The Union street track turns to the southwest when it reaches a point near the intersection of Lee and South streets where an embankment has been constructed across the marsh lying between Lee and Royal street train was being backed in an easterly direction when some boys who were on the cowcatcher of the locomotive saw the mangled boy as the engine passed over him. They were horrified and jumped from the cowcatcher, ran ahead and told the engineer that he had run over a boy. The train was stopped and the crew ran back to the child whose life had then nearly ebbed from his terrible injuries. Both hands had been cut off as well as one leg, while he had also received internal injuries of a fatal nature. The boy had evidently been swinging on the car next to the engine, and either jumped or fell, and in doing rolled under the wheels. The earth is several feet above the track on both sides, and doubtless in jumping from the car the little fellow fell and rolled on the rails. Telephone calls were sent for medical aid, but before Dr. Gorman could reach the scene the little boy had expired. Officer Knight was soon at the scene and picked up the remains of the unfortunate child, and later they were removed to the home of his parents on south Lee street. The distressing accident cast a gloom over the southeast section of the city where the little fellow was well-known, and his parents have the sincere sympathy of all in the sorrow into which they have been plunged. The funeral of the child took place this afternoon from St. Mary's Church, and was attended by many relatives and friends of the family, including a number of his former school mates. The teachers and scholars of St. Mary's Parochial School attended the funeral in a body.

Gov. Montague's Reply.

Gov. Montague of Virginia has made final reply to the State Department's inquiry relative to the death of Joseph Leanto, who was shot to death at Lorton, in Fairfax county, below this city about a month ago. The inquiry was made upon the request of the Italian ambassador.

Gov. Montague, in replying, simply transmits the report of the district attorney, who personally investigated the affair, to the effect that Leanto was shot with his own pistol while resisting lawful arrest.

The State Department has submitted this statement to the Italian embassy, where it awaits the return to Washington of the Italian ambassador, now in the South.

No business of general interest was transacted in the Corporation Court today. The contested liquor license cases were continued.

Another Enterprise.

The Alexandria Glass Works, a new plant, will soon be added to the manufactories of this city. The organization has already been perfected and a charter applied for by the incorporators. The capital stock will be $25,000. The following are the officers: Henry Schnell, president; William Wells, vice president; William Murphy, secretary, and F. P. Quigley, treasurer. The officers and Isaac Greiner will compose the board of directors. The company has acquired property between the tracks of the Southern and the Washington-Southern Railways, near the Belle-Pre bottle works, and work on the plant will be commenced in the near future. About 80 people will be employed.

Henry and Fayette Street Tracks

People living on Henry and Fayette streets are overjoyed at statements recently made to the effect that the railway tracks on those thoroughfares will be removed by the 15th of June. It is said that the contractors for the new work west and north of this city have stated that orders have been issued to remove the tracks by the 15th proximo, by which time trains will be running around instead of through the city. The passenger station on Fayette is to be removed on that date to a temporary depot building on the south side of Shuter's Hill road, which will be used as a ticket office and waiting room until the completion of the new depot building.

Qualified Voters.

The time for paying the capitation taxes in order to qualify one to vote at the next election expired on Saturday night last and only those who so qualified themselves can participate in the election in the democratic primary to be held on the 29th, or the general election held next November. When the books were closed 1,440 persons had paid their taxes for 1904 and about 40 others who will become of age before the election deposited their taxes according to law for 1905-6. Of the number on the books about 110 are colored. The total registered vote of Alexandria is about 2,300.

Charter.

The Corporation Commission has granted a charter to the Bachelor Realty Corporation. The principal office is to be in Alexandria, and the incoporators are: Ralph Jenkins, president and director; Waddy B. Wood, vice-president; Robert F. Shepard, secretary and treasurer, Washington; Gardner L. Boothe, of Alexandria, is the attorney for the company and the capital stock, is maximum, $100,000; minimum, $40,000. The objects and purposes are for the purpose of acquiring and improving real estate for rental purposes and to do a general real estate business in all its branches.

A Mysterious Affair.

There was considerable excitement on Duke street, between Fairfax and Lee, about nine o'clock last night by a report that a man was kidnapping a child. A crowd of people gathered, when the man is said to have dropped the child and walked speedily away in a southerly direction. Officer Allen soon appeared and endeavored to identify the man who had caused the excitement, and Lieutenant Smith has been busy today in attempting to ascertain the facts in the case.

Case Continued.

The matter of the summons of the officers of the Washington, Alexandria and Mount Vernon Railway Company to appear before the Corporation Commission in Richmond tomorrow to show cause why the railway company should not be fined for failing to comply with certain orders issued by the commission in this city last February, has been postponed by the agreement of all parties concerned, till the 23d inst.

Vestry Meeting.

At the recent meeting of the vestry of Grace Church, the following officers were elected: Charles King, senior warden; Clarence N. Moore, junior warden; Daniel E. Webster, treasurer, and Frank T. King, registrar. Mr. Charles King was elected delegate and Mr. W. H. McCuen alternate to the Episcopal Council which meets in Charlottesville this month.

The Weather.

The weather yesterday was warm and threatening throughout most of the day. In the afternoon the wind blew fresh from the northwest and there was a sprinkle of rain. The clouds, however, emptied themselves south of this city from which quarter thunder was heard. Later the temperature fell considerably, and last night was cool. The weather today has been mild and seasonable.

Funeral.

The funeral of the late Mrs. Margaret Reif, whose death occurred at an early hour Friday morning, took place from her late home, 623 north Columbus street, yesterday afternoon. The services were conducted by Rev. Mr. May, of Immanuel Lutheran Church, and a number of relatives and friends attended.

New Baptist Minister.

Rev. W. F. Fisher, the pastor of the Baptist Church, was formally installed yesterday morning. There was a large turnout of Baptists as well as many others who greeted Mr. Fisher, a sketch of whose life was recently published in the Gazette. The reverend gentleman delivered interesting and impressive sermons both at the morning and evening services which were much enjoyed by all present. He has already made a most favorable impression upon his congregation.

New Cars.

Motor car No. 21, recently received by the electric railway company, has been put in operation. Fifty-two persons can be seated in the car, and it is generally admitted that it is handsome and modern in all its appointments. The floor is covered with linoleum, the metal fixtures are brass, and the interior woodwork is cherry. The seats are upholstered with dark green imitation leather. The new milk car has also been placed in commission.

Fall of Guy Wire.

A guy wire of the electric railway fell last night on Fairfax street, between King and Prince, and the "saucer," a heavy piece of iron in which the wire was secured, struck a lady who was passing at the time on the head, destroying her hat and partially stunning her. Lieutenant Smith immediately notified the railway authorities and had the wire replaced.

New Poles.

The management of the electric railway has determined that, wherever it is necessary to renew any of the poles to do so with new iron ones, this to apply to all streets paved with vitrified brick. Under this arrangement it is believed that in a short time all the old wooden poles supporting the electric railway wires on King street will be replaced with new iron ones.

Personal.

Mr. Frank G. Grimes, formerly of this city, but now living in Richmond, was on a visit to his old home yesterday.

Mr. William G. Leadbeater has returned from Atlantic City. His mother, sister and brother will return on Wednesday.

Mrs. Fulton and children, of Ellicott City, Md., are the guests of Miss Mary E. Carlin, on Duke street.

LOCAL BREVITIES.

All Alexandria seemed to have been on King street Saturday night.

A meeting of "Sharps and Flats" will be held this evening at eight o'clock.

One colored person was baptized in the cove in front of Battery Rodgers yesterday.

There were arrivals at Fishtown this morning, and operations were virtually at a standstill.

The Invincible baseball team yesterday afternoon defeated the Old Dominion team by a score of 12 to 11.

Several freight cars were derailed near St. Asaph Junction yesterday, which caused considerable damage to the track.

A euchre party will be given at the Young Men's Sodality Lyceum hall next Monday night for the benefit of St. Mary's Church.

People living on Wolfe street, between Lee and Union, complain of the unsatisfactory drainage of that square. Stagnant water, which renders conditions unsanitary, is especially complained of.

The registration books will be opened on the 16th instant for one day only in order that new names may be added to the list. The books will also be reopened for one day previous to the 7th of next November.

The wooden staples placed in sidewalks by surveyors when vitrified roadways were being constructed on several streets protrude above the sidewalks in places. It is no uncommon thing for people to stumble over them, especially in the night. An attempt was made to drive them in the earth, but it is suggested that they should be pulled up.

Tragedy in Smoking Car.

The smoking car of a Southern Railway excursion train was the scene of a killing last night while the train was returning to Knoxville, Tenn., from Middlesboro, Ky. Fayette Jennings, who claims to be a deputy sheriff of Claiborne county, fired three bullets into the head of Jake Reynolds, a man with whom he was sitting at the time. Previous to the tragedy Jennings had quieted a disturbance in one of the other coaches, but in doing so had offended Reynolds. The train conductor sent Reynolds into the smoker, to which car he was followed by Jennings. They began talking of the previous trouble, applied epithets to each other, and the shooting followed. Jennings surrendered. The officer claims that Reynolds had a knife in his hand and that he shot in self-defense.

Choked to Death.

While eating his dinner late Saturday afternoon Daniel S. H Barron, a carpenter, of 408 M street northwest, Washington, choked to death. A particle of meat lodged in the trachea, and before he could be relieved he died from suffocation. Members of the family sitting around the family table summoned Dr. William T. Gill, but he was unable to give the man aid in time to save his life.

Fire started in a store room on the ninth floor of the Commercial Trust Company's office building, in Jersey City, N. J., early this morning. Instead of using the modern fire fighting apparatus in the building, the watchman summoned the local fire department, which flooded the structure, causing damage to the extent of $30,000. The records of the Corporation Trust Company, which is the New Jersey agent of over two thousand companies including a number of "Trusts" were not damaged.

Trying a Joke.

Some years ago in a North Carolina court, Judge Shipp presiding, the trial of a cause had been protracted till near midnight. The jury were tired and sleepy and showed flagging attention. Willie Murchison, who was addressing the jury, thought to arouse them, so he said, "Gentlemen, I will tell you an anecdote." Instantly the judge, the jury and the few spectators pricked up their ears and were all attention, as Murchison was admirable in that line, had a fund of anecdotes and no one could tell them better. But he soon proceeded to tell one of the dullest, prosiest and most pointless jokes possible. Everybody looked disappointed. The judge, leaning over, said in an unmistakable tone of disappointment, "Mr. Murchison, I don't see the point of that joke." "Nor I, either," replied the witty counsel. "But your honor told it to me on our way down here, and, as I thought the lack of appreciation must be due to my obtuseness, I concluded to give the joke a trial by jury."

Forbear and Forgive.

Do not expect too much from others, but remember that all have some ill nature, whose occasional outcropping we must expect, and that we must forbear and forgive, as we often desire forbearance and forgiveness ourselves.

MONDAY EVENING, MAY 8, 1905.

Had Feathered His Nest.

The gauge by which worldly prosperity is measured is not always the same. But it does not so much matter what standard is used so long as it shows accurately the amount of gain or loss.

"I remember Bill Gassett as a shiftless young ne'er do well," said a former neighbor of Mr. Sands, revisiting his old home after many years' absence, "but I hear he left his widow quite a substantial property. How did he manage it?"

"He made choice of an excellent wife, and she took him as the smartest women often take the poorest specimens of the men folks," said Mr. Sands thoughtfully, "and, what's more, she made something of him, put some gimp into him and what all. Why, sir, when he married her all he had for a mattress was an old makeshift stuffed with dried leaves, and when he died he had no less'n three mattresses stuffed with live goose feathers. I guess that tells the story."—Youth's Companion.

Oysters a Foot Long.

A wholesale oyster dealer was sizing up a new invoice. "There are some old fellows in that lot," he said as he shoved to one side some abnormally large ones. He picked out one and measured it. The shell was eight inches long. "The age of an oyster has absolutely no effect upon its quality," he said. "It doesn't get tough with age, like the higher order of animals. How long does an oyster live? Well, I couldn't say exactly. I have known Maurice river oystermen to claim that an oyster undisturbed in a neglected cove would live for twenty-five years before it finally died of old age. And an oyster of the Maurice river type keeps on growing all the time. I have seen some myself that measured nearly a foot in length."—Philadelphia Record.

The Force of Strong Personality.

Who has not felt his power multiplied many times, his intellect sharpened and a keener edge put on all of his faculties when coming into contact with a strong personality which has seemed to unlock hidden powers which he never before dreamed he possessed so that he could say things and do things impossible to him when alone? The power of the orator, which he flings back to his listeners, he first draws from his audience, but he could never get it from the separate individuals any more than the chemist could get the full power from chemicals standing in separate bottles in his laboratory. It is in contact and combinations only that new creations, new forms, are developed.—O. S. Marden in Success Magazine.

The Dane's Bill of Fare.

Lieutenant Robert E. Peary at a dinner of the Arctic society once spoke on the privations suffered by his party in his previous expedition. In the course of his remarks he mentioned the fact that the sole article of diet for thirty days of one of the members of his party, a Dane, was dried bones. Afterward Lieutenant Peary was approached by a friend who expressed incredulity. "That must have been a great Dane of yours," said he sneeringly. "Yes," replied the lieutenant; "he was a splendid dog."

With a Free Hand.

"Sir," began the visitor, "I come to you in the interest of the city's poor children. I thought you might like to contribute to our fresh air fund for them."

"Of course," replied the kind hearted suburbanite. "You may take as much as you please from my place. But how in the world are you going to carry it?"—Catholic Standard and Times.

Disconcerting.

A prominent English clergyman once congratulated an old lady on her bravery in fighting her way to church against a terrible tempest, but received the disconcerting reply, "My husband gets so crossgrained after meals that I have to get out of his way, so I might as well go to church."

Man's Reasonableness

is often as great as women's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick she could hardly leave her bed, and five [5] physicians had failed to relieve her. After taking Electric Bitters she was perfectly cured and can now perform all her household duties." Guaranteed by E. S. Leadbeater & Sons, druggists, price 50c.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Hot Weather Piles.

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking water contribute to the conditions which make Piles more painful and dangerous. DeWitt's Witch Hazel Salve stops the pain, draws out the soreness and cures. Get the genuine, bearing the name of E. C. DeWitt & Co.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

There Is a Difference.

The difference between Kennedy's Laxative Honey and Tar and all other Cough Syrup is that it moves the bowels, thus expelling a cold from the system. This relaxes the nervetissues and by its healing effect on the throat and lungs the cough is relieved—cured entirely. Kennedy's is the original Laxative Honey and Tar and contains no opiates. Good alike for young or old. Tastes good. Sold by W. F. Creighton, 401 King street, and corner Queen and Patrick street.
